Drank Poison.

The infatuation she believed her husband had for a young woman boarder led Mrs. Ella Vacpol, thirty-three years old, wife of the sexton of Knox Memorial Church, at Forty-first street and Ninth avenue, to drink carbolic acid

A letter from Vacopol to the young woman was picked up on the floor of their dining room to-day by Charlie Vacopol, eight years old, son of the couple. He brought it to his mother and she opened and read it. It begred and she opened and read it. It begged the young woman, who had left the house on Saturday, to niest Vacpol tonight, or he would not be responsible for his actions.

After she had read the letter, Mrs.
Vacpol told her son and her daughter, Anna, nine years old, to come into her bedroom. She made the children kneel while they and she rectied prayers for their future welfare. Then she stood up and before they realized what she was doing, raised a bottle of carbolice acid to her lips and emptied it. As she fell, screaming, the children called neighbors.

An ambulance was summoned and Mrs. Vacpol taken to Roosevelt Hospital, where it was said she would die.

The guest list was prepared, many presents had been received and all had been arranged for the nuptials to be the chief event of a house party—a Christmas house party—on the fine estate of the shipbuilding knight.

Young Westinghouse and his parents had engaged passage from New York this week, but suddenly, apparently out of a clear sky, comes the announcement that the health of the bridegroom-to-be is in too critical a state to permit the marriage.

Then, one night, at a dinner in the home of a peer of England, in London, Miss Brocklebank was startled out of her well-bred composure by realizing that she was looking into the eyes of the young man, who, in overalls and with oil-stained hands, had explained the Westinghouse machinery to her in Pittsburg. Their introduction by the host naturally followed.

"Why didn't you tell us?" asked the beauty.

OLD MAN'S BRIDE, WIDOWED IN THREE **WEEKS, AN HEIRESS**

Death Ends Romance of Sales woman Wooed and Won by Owner Department Store.

WILMINGTON, Del., Dec. 7 .- From aleswoman behind a department store unter to the wife of the head of the firm, and to be left a widow three vecks after her marriage, with a fortune estimated at probably a quarter million dollars, is the romance in which

To add a still further romance to the strange series of events, it is said by intimate friends of the merchant, who died last Thursday, that the marriage was performed with the hope of precluding any contest of his will, Hill always having desired to leave his estate to the saleswoman, Miss Clara Elizabeth Wells. She was head of the glove and underwear departments for about wenty-seven years. The nearest living relatives the bache-

lor merchant had were several nieces and nephews living in Massachusetts and Rhode Island, but the marriage apparently brushed aside any possibility of contest for his large estate.

For more than fifteen years Joseph Hill, the head of Crosby & Hill, one of the largest department stores in Delaware, paid court to the woman in his employ, but never by word or action did he betray to the forty other employees in the store that he had yielded his heart to the woman at the head of one of the departments.

To most of the employees the announcement of the marriage was a great surprise, though some of them guessed at the truth when Miss Wells remained away from the store two weeks before Nov. 12, when the marriage took place. Not for a long time has this city had such a surprise as when the saleswoman, a brunette of pleasing appearance, gave up her job behind the counter to marry the head of the firm, who was seventy years old, and preside over is finely appointed home, at No. 501 West street. Gossip had hardly ceased when Mr. Hill died last Thursday, and yesterday Mrs. Hill wore her widow's weeds at the funeral of her husband of
